NuLink Test Documentation

NuLink is airdropping free NLK tokens to users who complete simple testnet actions. Visit their testnet page, complete testnet actions and submit your details to the feedback form to be eligible to receive free NLK tokens.

Step-by-Step Guide:
1. Visit the NuLink testnet page.
2. Connect your Metamask wallet.
3. You will be asked to change the network to "Nulink TestNet".
4. Visit the "Faucet" section and get some testnet BNB and testnet NLK tokens.
5. Now visit the "Staking" section and stake NLK tokens.
6. Submit your details to this feedback form.
